DETAILED ACTION
EXAMINER'S AMENDMENT

An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

The application has been amended as follows:

In the Specification:

Page 1, Para. [0001], Line 1; insert --,now US Pat. No. 6,767,016-- after "09/834,354".

Page 1, Para. [0001], Line 3; insert --,now US Pat. No. 6,334,619,-- after "09/314,349".

Reasons for Allowance

The following is an examiner's statement of reasons for allowance:

Kalsi et al. (US Patent No. 5,738,358), the closest prior art of record shows an annular hydrodynamic seal comprising:

An annular seal body having a first seal;

Said annular seal body defining a dynamic sealing lip having an annular sloping dynamic sealing surface;

An interfacial contact footprint having a varying width and having a first footprint edge and a second footprint edge;

An annular static sealing surface; and

One energizer.

However, the Kalsi et al. reference fails to disclose a dynamic exclusionary intersection with said annular sloping dynamic sealing surface for facing and preventing intrusion of the second fluid. It would not have been obvious to provide a dynamic exclusionary intersection with said annular sloping dynamic sealing surface to the prior art reference of Kalsi et al. since doing so would be considered impermissible hindsight since there is no motivation to do so.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Any inquiry concerning this communication or earlier communications from the examiner should be directed to Gilbert Y. Lee whose telephone number is 571-272-5894. The examiner can normally be reached on 8:00 - 4:30, M-F.
